Following is a question that will allow Dr. Opaluch to make his presentation:

How should the need for a navigation channel in the Passaic River be analyzed?

Jay,

Here is my presentation for the Forum.

Thanks for accepting this at this late date, and I look forward to meeting you tomorrow.

Jim

Good Morning!

I am still missing five presentations. Please send it ASAP but before 4PM. If not you can still talk without slides. Please see the enclosed. If there are corrections, please let me know as it will be e-mailed to all soon.

Thanks

Jay

Hi,

The question committee has approved all seven questions. So you may proceed with your presentation including the one from EPA. If you would like me to upload, you will need to send your PowerPoint Presentation (not pdf) by the end of the day on Sunday 7/20. After that day you still may make a presentation but no slides. You can send your PowerPoint presentation (not pdf) by e-mail and I can receive files as large as 20MB. Separately I will be inviting you to my Drop Box to upload. Please let me know if you do not receive my drop box invitation within one hour

Thanks

Jay
